November 9-11, 2017 – Advances in Inflammatory Bowel Diseases – Multidisciplinary Approaches to IBD Patient-Centered Care

New Presenters, New Content, A New Year

Orlando, Florida – The 2017 Advances in Inflammatory Bowel Diseases conference is designed to be the premiere event that meets the growing educational needs of healthcare professionals and researchers who study and manage patients with inflammatory bowel diseases. Over the course of three intensive days, clinicians will gain practice-changing knowledge which can be implemented immediately, researchers will stay abreast of the evolving scientific landscape, nurses and allied healthcare providers will develop and share best practices in multidisciplinary care and surgeons will observe and gain insight into the latest advances and techniques. From education to networking, AIBD 2017 provides everything you need to improve the care of your patients and advance your career in the field.
